About the Event

Westside Regional Center is organizing a series of training events on evidence-based practices approved by the Los Angeles County Department of Mental Health (LAC DMH) for Prevention and Early Intervention (PEI) services. The LAC DMH has not approved Level 4 Standard Stepping Stones Extension as an MHSA PEI practice. Therefore, providers are not allowed to claim PEI for any services using Level 4 Standard Stepping Stones Extension. The only approved PEI Triple P Modalities/Levels are Level 4 Standard and Teen as well as Level 5 Pathways and Enhanced.

Level 4 Standard Stepping Stones Extension has been developed for parents of children with a developmental disability. It provides parents with comprehensive support in managing their child's behavior across settings. This training course will help practitioners provide parents with a variety of parenting skills that will promote their child's development and potential.

Note: Anyone attending the 1-day Extension course MUST already be accredited in Level 4 Standard.

Participants will gain skills in:

1. Early detection and effective management of child behavior problems.
2. Risk and protective factors operating within families.
3. Core principles of positive parenting and behavior change.
4. Advanced assessment of child and family functioning.
5. Application of key parenting strategies to a broad range of target behaviors.
6. Strategies for promoting generalization and maintenance of behavior change.
7. Identification of indicators suggesting the presence of additional family risk factors.

Continuing Education: Psychologists - APA: CIBHS is approved by the American Psychological Association to sponsor continuing education for psychologists. CIBHS maintains responsibility for this program and its content.
